#### Tips to Exhibitor Appointed Contractors (EACs)

- Order services require from NCS and the Exhibit Hall in advance. Ordering labor or services onsite which contractors may not be prepared to provide immediately, may delay the set-up of your booth or force your set-up into overtime.
- Take steps to protect your client's product in the booth by arranging for booth security and/or cages.
- 3. Please stay out of adjacent booths during set-up.
- Label empty cartons and crates for storage as soon as they are ready. Holding back on "empties" only adds congestion to the gieles.
- Do not store empty cartons inside of empty crates. Cartons are returned from storage first so exhibitors may begin packing their product.
- Keep "No Freight Aisles" clear at all times. If NCS is required to rearrange any material situated in a clearly identified
   "No Freight Aisle" you or your client depending upon your billing arrangements with NCS will be charged a one hour minimum for forklift rental and labor.
- 7. Turn in outbound freight bills to the service desk on a timely basis. Holding freight bills until late in the day, or turning in large amounts of freight bills to the service desk at one time may delay outbound truck scheduling and subsequently force your loading out into overtime.

# MATERIAL HANDLING INFORMATION

#### Pennsylvania Auto Show

PA Farm Show Complex & Expo January 23 - 26, 2020

Pre-Order Discount Deadline: Wednesday, December 18, 2019

Material Handling is the unloading of your exhibit material, delivery to your booth, handling of empty containers to and from storage, and removal of your materials from your booth for reloading onto your outbound carrier. This is not to be confused with the cost to transport your exhibit material to and from the events.

#### Benefits of Advance Shipping to the NCS Warehouse

- \* Storage of materials for up to 30 days prior to your show.
- \* Delivery of Shipments to your booth by 8:00 a.m. on your first day of move-in (schedule permitting).
- \* Some convention centers and hotels do not have facilities for receiving or storing freight.
- \* Saves valuable set-up time.

#### How to ship in Advance to the NCS Warehouse

- \* Remove all old shipping and empty storage labels.
- \* Fill out and attach enclosed Advance Shipping labels.
- \* Complete the enclosed Material Handling Order Form.
- \* Remember to confirm receipt of your shipment prior to leaving for the show
- \* All shipments must have a bill of lading or delivery slip showing the number of pieces, weight, and type of merchandise.
- \* Certified weight tickets must accompany all shipments.
- \* Take the time to ensure that your display and products are packed neatly and securely.
- \* Do not ship uncrated materials to warehouse.

#### How to Ship to Exhibit Site

- \* Consign all shipments c/o NCS Exposition Services
- \* Remove all old shipping and empty storage labels.
- \* Fill out and attach enclosed Direct Shipping labels.
- \* Complete the enclosed Material Handling Information Sheet.
- \* All shipments must have a bill of lading or delivery slip showing the number of pieces, weight, and type of merchandise
- \* Certified weight tickets must accompany all shipments.
- \* Take the time to ensure that your display and products are packed neatly and securely.
- \* If you are shipping your carpet and/or lighting trusses, make sure it is loaded last so it can be unloaded first.

#### Freight Carriers

Select a carrier with experience in handling exhibition materials. Make sure to give your carrier explicit information as to where and when to check in. Delivery and pick up times are often out of range of "normal" delivery hours, make sure your carrier is committed to meeting your target dates and times. While making shipping plans to the Show, also plan for the return shipment.

## **Tracking Shipments**

Confirm your delivery date and time with your carrier, and have all pertinent shipping information in the hands of your representative at show site. You may also want to review the return of your goods at the end of the show.

## **Estimating Material Handling Charges**

Handling charges are based on the weight of the freight. Shipments are billed by the hundred weight and rounded up to the nearest hundred. Minimum per shipment may apply, see enclosed Material Handling Order form for details. Please prepay all shipping charges-NCS cannot accept or be responsible for collect shipments. Crated and uncrated shipments must be separated and clearly identified on separate bills of lading with separate weight tickets - otherwise NCS will invoice the entire load at the Uncrated rate.

- Crated Material that is skidded, or is in any type of shipping container that can be unloaded at the dock with no additional handling required.
- \* Uncrated Material that is shipped loose or pad-wrapped, and/or unskidded machinery without proper lifting bars or hooks.

- \* Special Handling Defined as shipments that are loaded by cubic space and/or packed in such a manner as to require special handling, such as ground loading, side door loading, constricted space loading and designated piece loading or stacked shipments. Also included are mixed shipments and shipments without proper delivery receipts.
- Overtime Surcharges Shows that move-in or move-out on weekends or late in the day may be subject to overtime surcharges.
   See enclosed Material handling Order Form for details.
- \* Late Surcharges A surcharge will apply if advance freight is received after the published deadline date for shipments to arrive at the warehouse. See enclosed Material Handling Order Form for details.

#### **Storing Empty Containers**

Properly labeled empty cartons will be picked up, stored, and returned after the show. Labels are available at the **NCS Service center** or from your NCS Service Executive and are for empty storage only. Depending

your NCS Service Executive and are for empty storage only. Depending on the size of the show., it can take from two to twelve hours to return empty crates. Do not store any items in crates marked empty.

plan for the return shipment.

#### **Outgoing Shipments**

An OMHF (Outbound Material handling Form / Bill of Lading) must accompany all outgoing shipments. Shipping information, outbound forms and labels will be available at the NCS Service center. Exhibitors selecting non-official carriers will need to make their own arrangements for pickup. Make sure that someone from your company will be on-site to oversee the outbound shipment of your display and product.

#### **Machinery Labor and Equipment**

Labor and equipment for uncrating, unskidding, positioning, leveling, dismantling, recrating, and reskidding machinery and/or equipment must be ordered separately. Place your order for this labor using the In-Booth Forklift & Labor Order form. If your material requires specialized rigging equipment, please notify us promptly so that we can make arrangements. When possible, supply your own rigging equipment with shipments and pre-rig your material.

#### Insurance

All of your goods should be insured by your own insurance policy. Although we do our best to handle your goods as our own, there are many variables in shipping and handling that can affect your exhibit and products. NCS has published NCS Terms & Conditions of Contract that are in your exhibitor service manual. Please read them carefully. It is recommended that your goods be insured.

#### NCS Limits of Liability & Excess Declared Value

- Liability NCS is liable for loss or damage to your goods only if loss or damage was caused by NCS negligence.
- \* Measure of Damage if NCS was negligent and the negligence caused either loss or damage to your goods, then the measure of that damage will be determined by the following:
- Measure of damages in all situations (including b. & c. below) will be limited by the **Depreciated Value** of the goods or repair costs. whichever is less.
- The lesser of \$0.50 per pound per package, \$100 per package, or \$1500 per occurrence.
- c. Damages will be limited to a declared value, if you fill in a **Declared**Value Amount, check the box requesting Excess Declared

  Value, and pay the appropriate charges for Excess Declared

  Value (Maximum allowed declared value \$100,000)
- \* Cost Excess declared value available from NCS for \$1.00 per \$100 of excess valuation. (\$50.00 minimum charges per request)
- \* Not Insurance Excess declared value is not insurance. NCS does not offer or sell insurance. NCS is not liable and will not owe for loss or damages to your goods if the damage or loss was not caused by NCS negligence.

## **CUSTOMER GUIDELINES FOR SUBMITTING GRAPHICS ARTWORK**

Our desire is to provide you with the best possible quality graphics for your event or exhibit. You can help us in that effort by providing digital art files using the following guidelines. If you are sending us completed, print-ready files, please pass the following information on to your graphics designer. Two overall considerations for submitting acceptable artwork involves proper resolution or size of the file to avoid poor quality images, and proper color matching information and proofs to ensure accurate color reproduction.

## PLEASE PROVIDE THE FOLLOWING WHEN SUBMITTING ARTWORK

Minimum requirements for originial artwork, such as logos, when NCS is providing design and layout:

\* 300 dpi resolution at a size of 8 x 10 inches (higher resolution files will result in improved final product)
Minimum requirements for final artwork that NCS will reproduce exactly as provided:

\* 100 dpi resolution at full size of actual finished product

Minimum requirements for both:

- \* All related PMS and/or CMYK color codes
- \* Accurate color proof print of artwork
- \* Contact name, phone number and e-mail address of art creator if applicable
- \* If submitting a "vector" file, include all fonts, or convert fonts to outlines or paths

# **ACCEPTABLE FILE SOFTWARE FORMATS**

We are capable of working with PC and MAC based software, and can accept art created with the following software programs (listed in order of preference):

- \* ADOBE Illustrator, InDesign, and Photoshop
- \* COREL DRAW
- \* MACROMEDIA freehand
- \* QUARK XPRESS

Files should always be saved in their native format

## **ACCEPTABLE FILE TYPES**

Files that NCS can use in order of preference, include:

- \* EPS and AI (especially when submitting logos)
- \* TIF (especially when submitting photos)
- \* JPG (provided resolution is high enough for photo images; not recommended for logos)

File types that NCS cannot use to reproduce high quality graphics include:

- \* GIF Files
- \* Microsoft Office software files such as Word (.doc), or PowerPoint (.ppt) file types
- \* Self-extracting files, such as EXE or SEA files

# **WAYS TO SEND ARTWORK**

- \* Artwork files that are of acceptable resolution as listed above will typically be too large to send via email. Files may be saved and sent via overnight delivery.
- \* Large files may also be posted to NCS' FTP site for downloading you may get the password and other needed information from your NCS service representative in order to post files. However, a hard paper proof print must also be sent via overnight delivery in addition to posting the electronic files.
