Introduction

Thank you for your involvement in the 2025 Pennsylvania Auto Show, produced by the Harrisburg Automotive Trade Association (HATA). This Exhibitor Manual contains information that is essential to the successful planning, marketing and management of your display at the 2025 Pennsylvania Auto Show.

The services and contractors listed in this manual are for your convenience. We highly recommend that you employ the services of **General Exposition Services**, this year's official show contractor, for your greatest efficiency and ease, since they are familiar with the show and work schedule. All independent contractors must coordinate their work schedules with General Exposition Services and comply with all guidelines and insurance requirements.

Blueprints, electrical orders and proof of insurance are often late. Don't let this happen to you! The most up-to-date exhibitor information can be downloaded online at www.autoshowharrisburg.com. For CAD floor plans (DWG format), contact Melanie Stine at MLStine@hatacars.org. All plans must be reviewed and approved by Show Management prior to move-in. Late floor plans will result in overtime charges, a delayed move-in, and possible fire marshal infringements on site, resulting in additional costs. Please note that insurance policies must provide coverage for all dates from move in through move out. Policies must include all of the required additional insured information as listed in the Important Rules and Requirements section of this manual.

HATA thanks you for your cooperation, and we wish you a successful 2025 Pennsylvania Auto Show. We look forward to working with you.

HATA Board of Directors
Dan McMillen, Show Manager

SHOW VEHICLES (*continued*)

If necessary, Show Management will make provisions to power wash snow off the vehicles. It is the responsibility of the exhibitor to dry the vehicle before it is placed on the show floor. Please bring adequate supplies and personnel to accomplish this task. Vehicles from car carriers need to be cleaned by the drivers prior to entering the facility.

Under no circumstances should the visqueen that was installed to protect your carpet be removed until all vehicles are placed and detailed. Exhibitors or your porter service company will be responsible for removal of any stains that are made by tire treads or dressing. Once all vehicles have been placed and detailed, exhibitors may remove the plastic and place it in the center aisle only for the official show general contractor to pick up.

VEHICLE REPLACEMENT

Arrangements to replace sold vehicles only **MUST** be made with show management the night before under the following schedule:

Friday 8 a.m. - 9:30 a.m.

Important Rules and Regulations

SALES OFFICE/VEHICLE SPACE RESTRICTIONS

In an effort to guarantee consistency within displays with regard to sales office areas and the number of cars per space, the following formula must be used when making plans for your exhibit area:

A. Each participating dealer within each display is permitted to have no more than one (1) 20' x 20' (or 400 square feet) sales office area.

B. One vehicle is permitted for every 250 square feet of exhibit space after deduction of the sales office square footage total.

For example, if there are three dealers participating in one franchise display area, each dealer will be entitled to 400 square feet of sales office space, or a total of 1,200 square feet. This amount would then be deducted from the total square footage of the display space and the balance would be divided by 250 in order to determine the number of vehicles. Please note that a turntable or platform qualifies as two vehicles.

Any questions regarding calculations of sales office areas or number of cars per space should be directed to HATA at (717) 910-4090.

AISLES FOR EMERGENCY PURPOSES

The Fire Department requires that all exhibitors leave one foot (1') of space adjoining every public aisle and two feet (2') of space on any border of their exhibit that adjoins another display area. This will allow a four-foot (4') emergency aisle between two exhibit spaces to act as a direct fire emergency aisle that is not blocked by any vehicles.

BEVERAGES AND FOOD ITEMS – NO ALCOHOL

No beverages and/or food may not be brought into the PA Farm Show Complex & Expo Center.

CONVERSION VANS & SPECIALTY TRUCK DISPLAYS

Within conversion vehicle and specialty truck displays, a minimum of 50% of the vehicles on display must be factory conversion vehicles with the remaining 50% having a minimum of \$650 (cost by normal industry standards) in alterations. Caps and pin-striping alone do not qualify.

FIRE REGULATIONS

Exhibitors must comply with all federal, state, and local fire codes which apply to places of public assembly, in particular, Chapters 5, 8, and 31 of the Life Safety Code. All curtains, buntings, draping, etc., of any kind must be flameproof. Special care should be taken not to block or obstruct any fire hose or fire extinguisher cabinets, fire pull boxes, or entrances and exits within the PA Farm Show Complex & Expo Center.

Important Rules and Regulations

VEHICLE REQUIREMENTS

Battery Cable - All show vehicles must have the positive battery cable disconnected and taped using UL approved plastic electrical tape.

Gas Tank Level - The gas level cannot exceed 1/4 tank. All vehicles will be checked as they enter the Complex to make sure that the gas level requirements have been met.

Gas Cap Requirements - If the gas cap door can be opened from outside your vehicle, the vehicle must have a locking gas cap and the inside gas cap must be taped. If the gas cap door must be unlocked from inside your car, then a locking gas cap is not necessary, but the standard inside gas cap must be taped.

AC/DC Converters - Cars using AC/DC converters must have the security system fuse disconnected to prevent the public from setting off vehicle alarms.

NOTE: A Fire Marshal will be on duty throughout all public hours of the auto show.

Vehicle Access & Cleaning - All show vehicles, except factory display models, must be unlocked during public show hours. All vehicles must be waxed or wiped daily. The auto show committee and/or Show Management will inspect each display area to see that this service is provided, with the cleaning charges being sent to the exhibitor whose vehicles have been neglected.

EXHIBIT BLUEPRINTS

All exhibitors participating in the Pennsylvania Auto Show must provide **a scale electrical blueprint of their display to HATA by December 15**. Contact information can be found on page 3. Please include telephone placement, electrical needs and the height of your display properties on your blueprints.

Blueprints can be e-mailed in PDF format to dmcmlen@hatacars.org.

SIGNS AND BANNERS

Any hanging signs must be framed and pre-approved by show management. Truss lighting is permitted. General Exposition Services has the jurisdiction on all installation work. All signs must be professionally manufactured and have a finished surface on all edges and sides. Signs cannot block the view of other exhibitors. Plastic letters, homemade and shoe polish signs may not be used on any vehicles or in any area of your display or booth. Nothing may be fastened to conduit or ventilation units. Decorations, signs, banners, etc., may not be taped, tacked, stapled or otherwise fastened to ceilings, walls, doors, painted surfaces or columns of the PA Farm Show Complex & Expo Center. In the case of a complaint, the decision on whether a sign remains or must be relocated is up to HATA and/or the Association Auto Show Committee. No ceiling, wall or column drapes may be altered or removed by any exhibitor.

Important Rules and Regulations

DISPLAY PLACEMENT

The maximum permissible height for displays is 13'6" for "N" spaces and 24' for "E" spaces. Ceiling height in the North Hall varies. Exhibitors should contact Show Management if they have any questions regarding ceiling height.

Placement of exhibits cannot interfere, block or extend into other exhibits or block emergency exits. An exhibitor will be asked to change the location or configuration of their exhibit or vehicle placement should they interfere with the rights of other exhibitors. All exhibits must be capable of standing by themselves. No supporting wires from the ceiling or draped walls will be permitted.

EXHIBITOR PRESENTATION RESTRICTIONS

An exhibitor may not, in any case, work, sell or distribute literature from any area other than the space rented by the exhibitor. Sales presentations, distribution of literature and public surveys are strictly forbidden from being conducted in public aisles, other exhibit spaces or any other public areas of the PA Farm Show Complex & Expo Center.

All public address systems must be kept to a volume so as not to disturb your neighboring exhibitors. Under no circumstances are helium balloons or adhesive-back decals to be given away or permitted to be used in the PA Farm Show Complex & Expo Center. Any costs incurred by the PA Farm Show Complex & Expo Center from the use or removal of these items will be charged to the exhibitor.

SUNDAY SALES

Due to Pennsylvania law, no sales may be contracted on the Sunday of the show. There are absolutely no exceptions to this rule. Investigators are always present on Sunday.

The following is a quote from the Board of Vehicles Act of the Commonwealth of Pennsylvania, Section 23.d, 1 and 2.

Section 23.

Vehicle Shows and Exhibitions

(d) Shows or exhibits on Sundays

(1) Vehicle shows or exhibits shall be permitted to be open on Sundays.

All exhibitors must be licensed to do business in the State of Pennsylvania and have a current sales tax number for any direct retail selling taking place from your exhibit space. If you are selling merchandise at your booth, you must present a current sales tax number to show management. Please email the sales tax number to dmcmlen@hatacars.org.
